

Thursday 29th June 2023

9:30 - 11:05

Webinar

Final agenda

	Topic	Speakers
9:30-9:50	Introduction and Presentation of ETIP SNET and ETIP RHC Join White Paper “Coupling of Heating/Cooling and electricity sectors in a renewable energy-driven Europe”	<ul style="list-style-type: none"> • Alexander Wiedermann – MAN Energy Solutions – ETIP SNET Co-Chair of WG3 Flexible Generation
Sessions		
9:50-10:05	Session I: Technological potentials and barriers	<ul style="list-style-type: none"> • Ralf-Roman Schmidt – AIT – Chair of the RHC-ETIP • Caroline Haglund Stignor – RISE – RHC-ETIP Chair of the Heat Pump Technology Panel • Olaf Bernstrauch – Siemens Energy – ETIP SNET Chair of WG3 Flexibility Generation
10:05-10:15	Session I: Q&A	ALL
10:15-10:35	Session II: Thermal storage as an enabler of system integration and sector coupling	<ul style="list-style-type: none"> • Antonio Iliceto – ETIP SNET Co-Chair of WG1 Grids & System view • Albana Ilo – TU Wien – ETIP SNET Member of WG1 Grids and System View • Olaf Bernstrauch - Siemens Energy - ETIP SNET Chair of WG3 Flexibility Generation • Javier Urchueguia – UPV – RHC-ETIP Chair of Geothermal Technology Panel
10:35-10:45	Session II: Q&A	ALL
10:45-11:00	Session III: Skills needed for sector coupling	<ul style="list-style-type: none"> • Christian Holter – SOLID – RHC-ETIP Member of Solar Thermal Technology Panel • Albana Ilo
11:00-11:05	Closing remarks	<ul style="list-style-type: none"> • Alexander Wiedermann
