

Regional Workshop Central Europe – Agenda

May 8th, 2025, 10:00 – 13:00

EM-Power 2025 Munich

Title: AI & GenAI in Smart Grids

Belgium, Netherlands, Luxembourg, Poland, Austria, Germany, Switzerland, Czech Republic, Slovakia

10:00	Welcome and presentation of ETIP SNET <i>(by Luis Cunha, ETIP SNET chair)</i>
10:10	Application of AI and GenAI in Smart Grids <i>Luis Cunha, ETIP SNET chair</i> • Presentation of key challenges for deployment of AI and GenAI • Next steps foreseen by ETIP SNET
10:40	Best practices and use cases of AI application from central European Countries <i>Moderated by Luis Cunha (ETIP SNET chair)</i> • DEDALUS - Diego Arnone, ENG • BEGONIA - Elena Boskov-Kovacs, Blueprint Energy Solutions GmbH
11:10	Break
11:25	Best practices and use cases of GenAI application from central European Countries • LLM-based Automation of Engineering Workflows - Mark Stefan, AIT • GenAI knowledge management - Karen auf der Horst, NETZE BW • Siemens Energy AI Lab - Rachel Berryman, Siemens
12:00	Panel discussion: Missing links for effective AI and GenAI implementation <i>Moderated by Luis Cunha (ETIP SNET chair)</i> • Mark Stefan - AIT • Milos Subasic - Hitachi Energy • Giuseppe Procaccianti – Dexter Energy • David Steenmeijer - Enexis • Pascal Plank, AGI and ENTSO-E (WG on Digitalisation within the Innovation Committee)
12:50	Conclusion and wrap up
13:00	End of the workshop
